### Club Goings On *(mostly factual and nearly always the truth):*

The **Club Directory Committee** in the form of **Lloyd, Chip and Bill** is working hard (mostly Lloyd is working hard, Chip is providing vast technical support and Bill, well, Bill is providing something useful that has yet to be determined by Lloyd & Chip...) to bring the **Club into the digital age** and into the “**Cloud**”.

#### What is the “Cloud”?

*(Cloud computing is [Internet-based computing](#), whereby shared resources, software, and information are provided to computers and other devices on demand, like the [electricity grid](#)) - Wikipedia.*

Our **Club Directory** is soon to be available for viewing and access on your smart phone or computer!!! Any time you want to look up stats on any Club Member, you can log in and get the phone number, address, birthday or whatever for any current member of the PRC. We are making the list up in **Google Docs** and will give all members access to this data to view, download and print out from anywhere in the world. By putting the listing up in the “Cloud” we free ourselves from the tedious effects of lost files and outdated information. Also, it’s very cool to do it this way and save the world’s trees and **save the Club money**.

The **5 or 6 members who do not have internet access** will not be left out as one of us will gladly print out the current list for them any time they need one for the nominal fee of \$127.95 ea., NJ tax included. (The printing fee will be revised up or down depending on how nicely you ask the Committee members - particularly Lloyd...)

Details to follow after I take a nap and **Lloyd & Chip finish all the hard work...**

#### Quotes of the Week:

Singing is not indulged in by Rotary clubs of some countries and all clubs are given full privilege to do as they please about including it in their programs.

I am so clever that sometimes I don't understand a single word of what I am saying.  
- [Oscar Wilde](#)

Babies don't need a vacation, but I still see them at the beach... it really tees me off! I'll go over to a little baby and say 'What are you doing here? You haven't worked a day in your life!'
